

Jarnik Modi

2D & 3D Animator and Video Editor

WORK EXPERIENCE

2021-2022

Rigging Artist
Penther Studio

Built and maintained production-ready biped, quadruped, and custom rigs with Advanced Skeleton, focusing on clean skinning, stable deformations, and efficient animator controls.

2023-2024

Rigging, Animation & Cloth Simulation
Setucom Studio

Experienced 3D Rigging Artist with expertise in mGear-based rigging, Maya animation, and cloth simulation in Marvelous Designer.

2024-2026

Video Editor
Odd Theory Labs

Collaborated with a video editing company to produce 2D product animations and explainer videos, focusing on UI/UX design, logo animation, and dynamic text motion for high-quality visual storytelling.
